

16TH ANNUAL FLORIDA ELECTROACOUSTIC MUSIC FESTIVAL

12-14 April 2006 • University of Florida

Dear Colleague:

Welcome to Gainesville and the University of Florida - home of the National Champion Florida Gators! The faculty and students of the University of Florida School of Music Composition, Theory and Technology Area are excited to have you here to present your work on the 16th Annual Florida Electroacoustic Music Festival.

We are delighted to be utilizing the Paramount Plaza Hotel and Suites as our festival residence this year. I trust you will find this facility to your liking. You are about 4 miles from the University of Florida Phillips Center for the Performing Arts where the FEMF16 is being presented. We will be providing a shuttle van from the hotel to the festival site at 20 min intervals starting about 90 min prior to each concert (10:00a, 3:00p and 7:30p daily) and directly after the final concert each day. Also, shuttle service will be

provided for the Friday studio presentation and convocation at the School of Music – an announcement will be made after the morning concert on Friday regarding this service.

We will begin registration at 8:00a on Thursday, April 12, at the Phillips Center for Performing Arts Black Box Theatre. To find the Black Box Theatre you can use the main entrance to the center and head to the right side of the lobby. There you should find the entrance to the corridor leading to the Black Box Theatre. Registration will continue each morning at 8:00 a.m. until the start of the first concert. Other registration times will be announced as needed.

We hope you'll also purchase one - or more - of the festival t-shirts for yourself, a loved one, children or your dog (I can put all four of mine in one!). The 100% cotton "Hanes Beefy-T" t-shirts are only a simple \$20 bill ea. (including tax) and should be both comfortable and durable. A variety of sizes are available in limited quantities. We need to sell 35 to break even so please help us if you can.

As an aid to finding the staff for the festival our name badges are "citrus" yellow. If we don't know the answer to your question we will know to whom you should be directed. Our festival General Manager and Associate Director is Joo Won Park (the guy that really runs the event). The Technical Team Leaders are Suk Jun Kim, Matt McCabe and Tim Reed (plugging things in is their specialty). You will also meet many of our outstanding and dedicated students that are assisting during FEMF16.

Thank you for making this year's event the best ever –

Dr. James Paul Sain
Festival Founder and Director
