

Pre-Festival Rehearsal Times

Producing 10 concerts over 3 days makes for a very tight schedule. In order to create a more relaxed atmosphere during the festival we are inquiring with all participants to see if they would be interested and available to rehearse their work before to the start of the festival. We will begin pre-festival rehearsals on the afternoon of Wednesday, April 6, 2005, and continue into the evening. Please indicate if you are interested in taking part in a pre-festival rehearsal. Those composers working with performers or who require technical set-up beyond the normal tape/CD playback are strongly encouraged to schedule a rehearsal during this time. Rehearsal time during the festival is limited due to both manpower and facilities. Rehearsal time is allotted with the duration and technical needs of the piece in mind.
